

Information for Group Visits to the Pergamonmuseum and Neues Museum

Since July 2019, the James-Simon-Galerie has become the main entrance for all groups visiting the Pergamonmuseum and the Neues Museum. The James-Simon-Galerie provides ticket sales and coat check services at a central location. The design of the new entrance (see the map below) has brought about the following changes:

Neues Museum

All groups are to check-in at the cash registers/information desk located in the **lower lobby** of the James-Simon-Galerie – accessible **through the courtyard**.

Pergamonmuseum

All groups are to check-in at the group cash register located in the **upper lobby** of the James-Simon-Galerie – accessible **via the main staircase**. Since the opening of the new building, the Pergamonmuseum can only be accessed through the upper lobby of the James-Simon-Galerie.

Due to construction work, only a limited number of guided tours take place at the Pergamonmuseum each day. For this reason, please book your tour at least two months before your intended visit. Important: Please note that groups which have not booked a guided tour must still register with Visitor Services; unregistered groups cannot be admitted.
